Welcome to ENOS!

Our artists include those who have exhibited internationally and those destined for future fame. Every artist has their own unique style, with an exciting range of paintings, textiles, prints, jewellery, illustrations, cards, photographs, metalwork and stained glass on sale. If you're looking for something to enhance your home or office, you'll find lots of wonderful possibilities as you tour their studios.

All our artists have pages on the ENOS website, where you'll find galleries and descriptions of their work, and website, social media and contact details. Many are happy to be contacted at any time.

This brochure features the ENOS artists who are taking part in our summer weekends, with maps showing their locations. Note that venues will display our red balloon signs; and that the venue numbering runs from Kingsbarns via our beautiful fishing villages to Largo Bay - but please feel free to plot your own course!

So save the dates for **#ENOS23** ... two weekends in which to tour our artists' Open Studios, view their inspirational works, and enjoy the wonderful villages, magnificent landscapes and fantastic wildlife of the East Neuk.
